

FIFTY SIX MILLION ACRES IN NEW CROPS

(By Associated Press) WASHINGTON, April 1.—More than 56,000,000 acres have been added to the country's aggregate crop acreage in the last ten years. Statistics published by the department of agriculture show the country's aggregate crop acreage to have been 567,739,000 acres, or 697,840 square miles. That is more than one-fifth of the total land area of continental United States, almost two and one-half times the size of the state of Texas and about ten times the land area of the entire New England states. The number of farms in the United States is estimated at 6,717,000. Texas has the largest aggregate crop acreage with 25,328,000 acres, or a little more than one-sixth of her total land area.

UTAH LOWEST RATED STATE IN THE UNION

(By Associated Press) SALT LAKE CITY, April 1.—In the latest census, Utah, in 1915, had the lowest rate of any state in the union according to statistics of the state health office. The percentage was 127 per 100,000 of population. Utah's record was bettered in 1917, when the number per 100,000 population was 118 and 10, respectively.

But for this low suicide rate is given to a large degree to the "housewife" system of the Mormon church. Utah's population is largely Mormon and visits by these "housewives" has been found an important factor in preventing actions due to immorality and lack of education.

In each ecclesiastical ward of the church are both ward teachers and religious society teachers. "Blocks" are organized from six to twelve homes

within a ward, are visited regularly by these teachers, both men and women. Families are given counsel in both religious and family affairs when they desire it. In this way, according to the authorities of the church, those persons of a morose disposition are cheered, young mothers are advised and numerous other matters taken up that have proved of benefit to all in the advancing young mothers are

according to church statistics. It is claimed that the death rate among young children is considerably lower among those who accept counsel, the records showing that an average of only one in 21 babies died in one year of age annually.

While the teachers are paid fully for the purpose of visiting and counseling members of the church, the help is offered to families if they wish it.

entire New England states. The number of farms in the United States is estimated at 6,717,000.

Texas has the largest aggregate crop acreage with 25,328,000 acres, or a little more than one-sixth of her total land area.

Kansas is second with 22,588,000 acres, or almost one-half of her entire land area.

Illinois is third with 21,727,000 acres, or about three-sevenths of her land area.

Iowa in fourth place is very close to Illinois with 21,612,000 acres, which is about three-fourths of her land area.

The aggregate crop acreage, which includes those of corn, wheat, barley, oats, rye, buckwheat, potatoes, sweet potatoes, tobacco, flax, rice, hay, cotton, peanuts, kafirs, beans, broom corn, hops and cranberries.

The first spring circus is advertised. The war must certainly be over.

STAFF OF UMPIRES FOR SESSION OF 1919

(By Associated Press) CHICAGO, Ill., April 1.—With the signing of "Amie" Morgan of Philadelphia, President Hickey of the American association tonight completed his staff of umpires for the coming season. The league's umpire system will be retained.

Morgan and George H. Johnson of Chicago are the addition to the staff. Morgan, a veteran, was signed to fill the vacancy caused by the loss of Eugene Smith, who will join the American league staff, and Johnson will take the place of "Ducky" Holmes, who held out for an increase over his 1918 salary.

Morgan comes to the American association with a good record. He has umpired in the National league, Pacific coast league, International and Southern league.

The remaining members of the 1919 staff are Louis Knapp of Louisville, James A. Murray of Minneapolis, W. F. Munger of Erie, Pa., Robert Hart of Lowell, Mass., F. R. Connolly of Boston, and Buck Freeman of Wilkesbarre, Pa.

President Hickey has decided to abandon the practice of holding a rules meeting with the umpires in Chicago before the opening of the season. The question will be covered this season by correspondence which President Hickey believes will be as satisfactory as a personal conference.

Encouraging reports are being received by President Hickey on prospects for the 1919 race. All of the clubs are being strengthened with new talent.

An infielder and outfielder and a second string of catchers will complete the team which will represent Minneapolis. Manager Joe Cannon has acquired Pitcher Babe Schauer, whom he feels, will add the necessary strength to his pitching staff. The other pitchers on the roster are Roy Patterson, Whitehouse, Talley, Lindberg, Thomas, Miller and Williams.

Jordan, another acquisition of the Millers, is rated to be one of the best first basemen in the A. A. He was purchased from the White Sox.

ASSESSMENT NOTICE.

GOLD ZONE DIVIDE MINING COMPANY. Location of principal place of business, Tonopah, Nye County, Nevada. Location of works, Gold Mountain, Esmeralda County, Nevada.

Notice is hereby given that at a meeting of the Board of Directors, held on the 27th day of March, 1919, an assessment of \$5.00 of one (1) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin to the Secretary, at the office of the company, room 210 State Bank Building, Tonopah, Nevada.

Any stock upon which this assessment shall remain unpaid on the 5th day of May, 1919, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 7th day of June, 1919, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors, F. A. BERNHARD, Secretary, Office: 310 State Bank Building, Tonopah, Nevada.

CITIZENS CLASSES AT ARMY POSTS

(By Associated Press)

HONOLULU, T. H., March 12.—(By Mail).—Under authority granted by Brigadier General John W. Hoard, department commander, citizenship schools are to be established at the various army posts of Hawaii for the instruction of soldiers, now aliens, who desire to qualify for naturalization.

William M. Ragsdale, naturalization examiner, will organize the schools and most of the teaching, it is expected, will be done by Y. M. C. A. secretaries. Many orientals, now held eligible for citizenship because of their army service, are expected to attend the schools.

In this peace palavering the United States should not stand up for its rights until all the good seats are taken.

The first spring circus is advertised. The war must certainly be over.

NOTICE OF DIVIDEND.

At a meeting of the board of directors of the Tonopah Mining Company of Nevada, held March 24th, 1919, a dividend of fifteen per cent was declared, payable April 21st, 1919, to stockholders of record at three o'clock afternoon March 31st. Transfer books will close March 31st and open April 8th, 1919.

(Signed) C. A. HIGBEE, Secretary.

Philadelphia, Pa., March 24, 1919.

IMPORTANT NOTICE

To Secretaries of Corporations Doing Business in Nevada

But Incorporated in Other States

NOT TOO LATE TO SAVE \$100 PER MONTH

SECTION 1.—All foreign corporations doing business in the State of Nevada shall, not later than the month of March in each year, beginning in the year 1914, publish a statement of their last year's business in some newspaper published in the State of Nevada. If published in a daily newspaper, such statement shall be published for a period of one week, or if published in a semi-weekly or tri-weekly newspaper, for a period of two weeks; or if published in a weekly newspaper for a period of four weeks.

SECTION 2.—The secretary of the company publishing the statement shall file a copy with the assessor of each county of the State of Nevada, in which said company is doing business.

SECTION 4.—Any district attorney in the state is competent to sue to recover the penalty, or the attorney general. The first county suing through its district attorney shall secure the penalty, and if no suit is brought for the penalty by any district attorney the State shall have the right to recover through its attorney-general.

THE TONOPAH DAILY BONANZA WILL MAKE PUBLICATION REQUIRED BY LAW, WHICH INCLUDES THE FILING OF A SWORN AFFIDAVIT OF PUBLICATION WITH THE ASSESSOR OF EACH OF THE COUNTIES OF THE STATE, WITHIN WHICH THE COMPANY IS DOING BUSINESS; AN AFFIDAVIT OF PUBLICATION WILL ALSO BE FURNISHED SECRETARIES.

Meat: Russia and the Allies

Russia crumbled away and failed the Allies largely through lack of food, according to an American eyewitness.

With plentiful reserves and resources virtually untouched, her people starved at home and at the front because there was no adequate organization to place food where it was needed.

Animals on the hoof were shipped thousands of miles to the various fronts, wasting transportation facilities required for other purposes. They arrived shrunken and emaciated, to be killed and dressed amidst filth and confusion behind the lines. Half of those brought from Siberia, it is said, perished on the way; many more were unfit for food.

On the other hand, the American packers turned live stock into meat in large sanitary plants located in the producing sections, and shipped the product under refrigeration so that it reached the trenches in France in perfect condition, without waste.

Says Our Authority:

"Had such facilities for cold storage transportation been available to the Russian supply committee as were placed at the disposal of the quartermaster of the United States by Swift & Company, there might have been a different story concerning Russia's part in the final drama of the war."

A large-scale packing industry would be an asset to Russia, in war or peace, as it has proved to be to the United States.

The cost of this large scale industry in the form of profits is only a fraction of a cent per pound of meat.

Swift & Company, U. S. A.
